

SOS CHILDREN'S
VILLAGES
FLORIDA

Healing, hope and home for every child, young adult, and family.

THIS TIME OF YEAR, we find ourselves enjoying the lingering days of summer as we trek to new and familiar places to kick back the pace from the rest of the year, and build memories of a lifetime.

At SOS, through several community partnerships, our children experience quintessential summertime rites of passage, and lots of fun! With the heat turned up and summer in full swing, we invite you to view these images of our children leaving worries behind and just being kids.

Special thanks to the following for their contributions towards making summer memorable for our children.

**City of Coconut Creek Recreation Camp
French Woods Camp of the Performing Arts
French Woods Teen Camp

...and several volunteers who have hosted Birthday Buddy parties, dinners, a bounce house, Cherry Smash ice-cream truck, and a therapy dog visit!
